What's New

Amendatory Endorsement for the Dwelling Windstorm and Hail Policy

The Beach Plan (including Coastal) is filing an Amendatory Endorsement for the Dwelling Windstorm and Hail Policy (WHD201) to follow the changes to the Homeowners Program for loss caused by or resulting from fungi, wet or dry rot, or bacteria. Also being filed is a change to the Wind or Hail-Driven Rain Endorsement and a Notice to Policyholder. Subject to approval from the Department of Insurance, these changes will apply to all policies written on or after May 1, 2002.

Reminder – Wind or Hail-Driven Rain is not available on all Windstorm or Hail Policies.

Once approved the Endorsements and Notice of Policyholder will be posted on this Web site.

We anticipate that all Commercial Policies, Standard Property and Windstorm and Hail only, will have the ISO changes effective July 1, 2002 relating to the "mold" issue.

The Dwelling Fire policy will have changes when the changes are introduced by the North Carolina Rate Bureau.
