June 18, 2019

Producers:

Re: Portal Link and Residential Quick Raters

The Associations are pleased to announce a portal link (Portal) to access our new and legacy systems. Effective June 30, 2019, the Dynamic Web link and your credentials will no longer be active.

If you have not already received your Portal credentials and you desire uninterrupted access to the Associations' new and legacy systems, please contact our Producer Deployment Team at 800-662-7048.

The Portal will be available through the Producer Login on the Home Page of the Associations' website.

Additionally, the Associations' website will be updated to remove Quick Raters for residential lines of business as the new policy administration system (RPM) incorporates a simplified quoting process.

If you have any questions, please contact the Associations.

Sincerely,  
NCJUA/NCIUA
