

What's New

The Coastal Rating Factor which applied a .90 factor on top of the .80 Beach area factor (.80 x .90) is eliminated May 1, 2002 for new business and June 1, 2002 for Interim Adjustments and Continuations of Coverage.

This was approved for May 1, 2002 but with our 90-day advance time this needed to be changed for the Interim Adjustment Notices and Continuations of Coverage.

This is an update to the information on page 4 of 7 of the January 2002 Producer Mailing.
